<TEXT>I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

I am retired and already pay the fee for my home phone, I don't need to pay again for an emergency phone that is only used for about an hour a year.

I use my wireless phone for safety, security and convenience. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Sincerely,

Frederick Ellis
